Introduction

Business externships provide educators with opportunities to: upgrade their knowledge, discover ways of making their instruction more relevant for students, and learn more about careers in high growth industries. The educator extern will work with an Industry Sponsor for up to 2 weeks (80 hours) to complete a project for the business, gain a valuable professional growth experience, earn 3 professional development credits from UAA, and receive a stipend of \$200 a day for 10 days!

Start Date: May 27, 2009

End Date: August 14, 2009

Course Objectives:

Specific industry skills gained as a result of externship will vary. As a result of this course each participant will be able to:

- **Successfully complete a task outlined by the business externship host**
- **Identify at least 6 ways to apply academic, technical, or employability skills in the classroom setting**
- **Gain at least 5 community resource contacts that are useful in the teachers' subject area**
